---

### PROFILE

I have just completed the final year of my Interior Design program at Kent State and am seeking a full time interior design position or internship. I am proficient in various design tools, such as, Revit, AutoCAD, Sketchup, and Adobe Creative Suite. I am eager to join a diverse team where I can continue to grow my skills. I am a creative, detail oriented, multi-tasker who is comfortable working on projects independently or as part of a collaborative team. I am passionate about finding unique solutions to client needs and interacting with clients to understand their vision and goals for the project.

---
